Olde Providence Elementary |2015-2016 | Quarter 1

Objectives

Science - Magnets

Explain how magnets interact with all things made of iron and with other magnets to produce motion without touching them

Reading

Students will learn strategies to help them dig deeper into text so they can better understand what the author is trying to tell them about a character, setting, or theme.

Math - Factorization

Students will find factor pairs with whole numbers up to 100. Students will generate shape patterns that follow a given rule.

Need to Know!

Students had an awesome week! We continued our unit on magnets and electricity, dove deep into How to Eat Fried Worms, discovered how to utilize reference materials, and used strategies of divisibility to find factors of prime and composite numbers. Students earned 91% Class Dojo and came a VERY close second in Mega Shields. Great job!

Student council elections are being held on Monday. Jacob Paraison is running for Media Consultant and Hayley Brownlee is running for Vice President. Wish them luck!

Here are a few reminders. Please check the weebly daily for news, newsletters, homework and other class info. Homework is an important aspect of daily practice, make sure to practice work every day. If you are not yet on Class Dojo, please email me so I can get you a log in. Make sure to practice multiplication facts

Writing - Characterization

Students will establish situation and introduce character and organize and sequence a story. Students will use a variety of transitional words and phrases to manage sequence of events

Language -Context Clues

Students will be able to understand word meaning in various ways using the context of words in the sentence.

daily for Mad Minute quizzes. Use Quilt every day for vocabulary and spelling practice. Please have a copy of How to Eat Fried Worms; this helps with daily re-reading and homework completion.
